	All documents submitted			Scheme 1	OR		Scheme 2
Cost of vehicle: € _____ x _____ % = € _____							

Endorsed by:

\_\_\_\_\_  
PAS Executive

\_\_\_\_\_  
PAS Leader

## SECTION 6.1: NOTES & ELIGIBILITY CRITERIA

*These criteria apply for both **Scheme 1** and **Scheme 2**.*

- This is a **one-time subsidy**. This means that those vehicles which already benefitted from such schemes, **will not be eligible again**.
- The **CO2 emissions shall be less than 180g/km**. It is the applicant's responsibility to check the vehicle's emission level.
- Electric or hybrid vehicles will also be considered on these schemes.
- The application for this scheme should be filled in and presented together with all the relevant documents, and shall be submitted by not later than **three months from the date of registration**. Applications received after this three-month period, shall be deemed invalid applications.
- If the application is not eligible as one or more of the criteria are not met, such application will be **refused** immediately and applicant informed in writing.
- All necessary action (including legal action) will be taken to ensure that anyone who benefits from one of these schemes based on erroneous and/or misleading information will refund all, or part, of the assistance received, as may be the case.

## SECTION 6.2: NOTES & ELIGIBILITY CRITERIA

- These criteria apply for **Scheme 1** only in addition to Section 6.1.
- The subsidy is of not more than 20% on the price of the purchased vehicle, **which shall not exceed €60,000 excluding all taxes and registration costs**. If a vehicle exceeds the €60,000 capping price, the 20% subsidy would still be calculated on the maximum of €60,000.
- The vehicle should be strictly **drive from wheelchair**. This means that the vehicle shall have an electric ramp at the back where a wheelchair driver can access it with the wheelchair and position himself in front of the steering wheel to drive the vehicle.
- The vehicle may be purchased new or second-hand.
- The vehicle may or may not be registered in Malta.
- The vehicle shall only be registered in Malta on the name of the person with disability driving the car.

### SECTION 6.3: NOTES & ELIGIBILITY CRITERIA

- These criteria apply for **Scheme 2** only in addition to Section 6.1.
- The subsidy is of not more than 10% on the price of the purchased vehicle **of which shall not exceed €25,000**. If a vehicle exceeds the €25,000 capping price, the 10% subsidy would still be calculated on the maximum of €25,000.
- The vehicle shall be modified with a wheelchair accessible ramp and/or lift.
- Furthermore, the vehicle shall be purchased **second-hand only, pre-owned and already registered in Malta or being purchased from abroad**. In cases where the person with disability is deceased, the heir has to first apply for transfer of ownership prior to selling the vehicle to another person with disability.
- The vehicle can be registered on the name of the person with disability or parent/guardian/relative living in the same house. A copy of the Identity Cards needs to be presented with the application in case the vehicle is registered on parent/guardian/relative on behalf of the person with disability.
- These schemes process your personal data in line with the **Data Protection Act (2001)**. Data provided by you shall be treated in the strictest confidence and may be retained by Aġenzija Sapport or transferred to third parties in order to provide you with the best possible service or otherwise as required by law. Data about you may also be collected from third parties for these purposes.
